END THE OCCUPATION

US Campaign to End the Israeli Occupation

"We aim to change those US policies that both sustain Israel's 40-year occupation of the Palestinian West Bank, Gaza, and East Jerusalem, and deny equal rights for all."

Mr. Greg Brown
Chief Executive Officer
Motorola, Incorporated
1303 E. Algonquin Road

Schaumburg, IL 60196

It has been brought to my attention that Motorola, Inc., and its fully owned subsidiary Motorola Israel provide services and products which are used by Israel to sustain its illegal military occupation of Palestinian territories and to commit human rights abuses.

Under international law, all corporations have obligations to uphold, respect and protect fundamental human rights. Motorola, Incorporated must make clear to Israel, as well as to the global community, that Motorola is not willing to profit from human rights violations.

We wish to see Motorola, Incorporated and its fully-owned subsidiary Motorola Israel live up to its own claims of corporate responsibility and stop providing products and services which Israel uses to sustain its illegal military occupation and to commit human rights violations.
